Dear Ms. Dortch

We write in query of the previous announcement made by FCC regarding IB Dockets 02-234 and 96-261, whereby telecommunications companies were to write/send comments regarding reforms to be made on the present International Settlement Rates and Policy.

We would like to inquire if filing of comments has been closed and if so, may we know the status. Further, we wish to inquire on FCC's time line going forward.

Thanks in advance and we look forward receiving your response via fax or email.

Very truly yours,,

**Genaro C. Sanchez**
